FABRI

Seasonal Gelato Flavors:

~ **Egg Nog** (Rhumba), **Baba** (Rum Cake), **Rum Raison**, **Zuppa Inglese** (rum soaked triple layer cake with layers of fruit, chocolate and custard), **Green Apple** (Add Fabbri caramel sauce for a perfect Caramel-Apple Gelato), **Chocolate Orange**, **Peach**, **Pear**, **Chocolate Cinnamon**, **White & Green Mint**, & **Marrons Glaces** (Fauchon selects the finest variety of Italian chestnuts from Torino. With great care the chestnuts are poached in vanilla sugar before they undergo a second sugaring process which takes twenty days to complete. Fauchon only uses the finest Madagascar vanilla beans to create this quintessential French confection. This is how they are prepared and sold in a great shop in Paris. Fabbri has recreated the flavor of this by doing the same ingredients, but turning it into a paste. Makes a delicious Gelato. Perfect for the Fall and Winter. Very rich and decadent.)
